

Meet our experts in Bonn

From 6 to 17 November 2017, adelphi's experts will be in Bonn for the COP23 discussions. Together with German Federal Ministry for the Environment, Nature Conservation, Building and Nuclear Safety (BMUB), the EU, GIZ, the German Federal Foreign Office, and others adelphi convenes and participates in [several side events at the COP23](#).

Contact for journalists: Christopher Stolzenberg, stolzenberg@adelphi.de

Climate Diplomacy

Alexander Carius is a co-founder and Managing Director of adelphi. The core topics of his research and consultancy work are: resources and governance, climate and energy, and development and security.

carius@adelphi.de

Dennis Tänzler is adelphi's Director International Climate Policy. His research has been focusing on climate and energy policies for more than 18 years. At COP23, he will be facilitating several side events and will be presenting the new Conflict Sensitivity Guide (11 November).

taenzler@adelphi.de

Stephan Wolters specialises in climate diplomacy and market mechanisms for climate change mitigation. At COP23, he will be presenting the [new report "From riches to rags. Stranded assets and the governance implications for the fossil fuels sector"](#) (8 November).

wolters@adelphi.de

Nikolas Scherer specialises in climate change adaptation, the climate-conflict nexus and climate risk insurances. At COP23, he will be presenting a [new guide to conflict-sensitive adaptation](#) (11 November).

scherer@adelphi.de

Carbon Markets, Emissions Trading & Energy Policy

Dr. Constanze Haug is a senior expert in international and European climate policy. The key focus of her current work is the international carbon market, and emissions trading in particular. She is the Head of Secretariat of the International Carbon Action Partnership (ICAP).

haug@adelphi.de

Lina Li concentrates on policy analysis and capacity building in climate and energy policy. Her particular focus lies on carbon markets, emission trading and low-carbon development in China and other Asian countries.

l.li@adelphi.de

Julia Melnikova is a project manager in the areas of international climate and energy policy, market-based mechanisms for addressing climate change, and international cooperation.

melnikova@adelphi.de

Andreas Schneller specialises in energy policy and energy management; developing strategies to decrease energy consumption, promoting new technologies for a renewable heating supply, and researching on strategies to alleviate energy poverty.

schneller@adelphi.de

Green Finance

Mikael P. Henzler is a co-founder and Managing Director of adelphi. The main topics of his research and consultancy work are green finance, energy policy as well as sustainable business and resource efficiency in development contexts.

henzler@adelphi.de

Annica Cochu is focusing on green finance, green economy, and adaptation to climate change. At COP23, she will be presenting the new study “Challenges and opportunities for urban climate finance” (13 November).

cochu@adelphi.de

Rainer Agster is Director of Private Sector Cooperation at adelphi. He is currently focussing on the areas of climate change adaptation, energy efficiency, green finance and sustainability entrepreneurship.

agster@adelphi.de

Urban Governance & Local Climate Action

Dr. Marcus Andreas specialises in the design of cooperative learning processes in multi-level, especially regional governance systems. As a “bridge builder” between all levels, he supports the ecological transformation in rural areas and urban communities.

andreas@adelphi.de

Paola Adriázola is a climate governance specialist with a focus on policy advising in international development cooperation, climate and security, and multi-level and urban governance, with a focus on climate governance in countries of the Global South.

adriazola@adelphi.de

Anne Dahmen specialising in the fields of Governance and Local Climate Action from a national and international perspective. She is designing and implementing application-oriented local strategies for climate mitigation, adaptation, and sustainable urban development.

dahmen@adelphi.de

Eleni Dellas specialises in different areas of urban governance, the global development agenda and climate diplomacy. She conducts policy and institutional analyses and develops expert workshops and stakeholder dialogues on ongoing political processes.

dellas@adelphi.de

Saskia Schütt supports local climate change mitigation efforts and develops concepts and strategies for strengthening local climate action and promoting networking among relevant actors.

schuett@adelphi.de
